Impact Fairfield County

April 10, 2025

GREENWICH, CT, April 10, 2025 – Celebrating 10 years of giving, Impact Fairfield County (“Impact FFC”), one of the County’s leading female giving organizations, is pleased to announce its Corporate Partners from five Fairfield County-based companies. The corporate sponsors include The Ashforth Company, Stamford Health, Chilton Trust Company, Clear Harbor Asset Management, and Athena Books. These companies have demonstrated a strong commitment to philanthropy and developing their female leadership, and their support will enable Impact FFC to further its transformational work.

Impact FFC launched its Corporate Partnership Program in 2021, offering a select number of Fairfield County businesses the opportunity to invest in their female workforces by sponsoring employees to become members of Impact FFC, a diverse group of women making impactful change within the community.

“Our Corporate Partners are a true asset to our mission, not only providing generous financial support but their employees participate on our Grant Review Committees, which are dedicated teams of members reviewing grant proposals, conducting site visits and selecting finalists to present to all of our members at our Grant Awards Celebration in May,” said Impact FFC Co-President Kristen Rosenbaum.

Corporate Partners have the ability to sponsor female employees to join Impact FCC for one year. These employees become full members of Impact FFC, and as such are invited to learn about social issues in the local community at a deeper level, give back at volunteer events, network with 250+ other members, and develop skills in grant review, financial analysis, and philanthropic strategy.

“The Ashforth Company is proud to once again support Impact Fairfield County and its vital work in strengthening local nonprofits. We also value the opportunity for our team of eight women to gain a deeper understanding of the needs of nonprofits in our region while fostering leadership growth and a strong commitment to giving back,” said Ryan Harvey, CEO & President of The Ashforth Company.

“Stamford Health is honored to partner with Impact FFC in advancing the important work of local nonprofits that serve our communities,” said Kathleen Silard, President & CEO of Stamford Health. “Through our involvement in the Corporate Partner Program, our leaders have the opportunity to give back in meaningful ways, connect with other engaged supporters, and help improve lives through the transformational grants provided by Impact

FFC."

Impact FFC's Grant Awards Celebration is scheduled for May 7th at the Woodway Country Club in Darien, CT. Finalists for the grants will be announced in late April. This year, in honor of Impact FFC's 10th anniversary, a special grant will also be given to each of Impact FFC's past 17 grantees.

About Impact FFC: Impact FFC is a collective giving organization whose mission is to empower women to engage in local philanthropy through deeper knowledge and active participation in grantmaking. It unites women by pooling membership funds to provide large, transformational grants to nonprofit organizations across Fairfield County. Since its inception in 2016, Impact FFC has provided over \$2.1 million in grant funding to local nonprofits.

About the Corporate Partners:

The Ashforth Company is a 128-year-old diversified real estate operating company, based in Stamford, CT that owns, develops, and invests in commercial and multifamily assets nationally, and provides third party services including asset and property management, general contracting and construction management.

Stamford Health is a non-profit independent health care system with more than 3,900 employees committed to caring for the community through a wide range of high-quality health and wellness services.

Chilton Trust Company, a private and independent Trust Company, provides wealth management services including fiduciary services and investment solutions to high net worth individuals, families, and foundations. Chilton Trust operates under a national charter, and in addition to its principal office in Palm Beach, FL, includes Chilton Trust Company of Delaware, based in Wilmington, and trust representative offices in Charlotte, NC, Naples, FL, New York, NY and Stamford, CT.

Clear Harbor Asset Management is an independent, SEC-registered investment advisory firm headquartered in Stamford, CT, with an additional office in Plano, Texas. The firm was founded with a shared vision to merge first-class, holistic wealth management advice with market leading investment strategy and execution, as well as cutting edge customer-facing technology.

Athena Books is named after Athena, the Greek goddess of wisdom, and is intended to be a source of inspiration and gathering place for members of the Greenwich community and beyond. The store carries a wide selection of adult and children's books, as well as a thoughtful selection of curated gifts and also hosts book clubs and author events in the evenings.
